Assistant Director, Research and Reports

Meeting of ORR Consultant Panel on Soviet Aircraft Production Estimates

1. As indicated to you verbally yesterday I think it would be very helpful if General Smith could welcome the Panel we are assembling on this subject. A list of the participants is attached.

2. I also attach an agenda. The ideal time for General Smith to meet these gentlemen would be at the beginning of the discussions at 1300 on Monday, November 5. However, if this is inconvenient we would of course be delighted to fit it in at any other time. We plan to conduct the meetings in our ORR conference room in 2101 K Building.

3. I think it would be desirable if General Smith is willing if he would simply say a very few words on the importance, as he sees it, of our improving our understanding of Soviet capabilities in the aircraft production field. If he would like more detailed suggestions I would be glad to supply them.
